INNOVATION
Thoughtful product design, with
the understanding, quality of
light to meet the requirements of
the most demanding operators.

TECHNOLOGY
It implements the F12 (Full
Light Control), a system of light
self-adjustment. This device
ensures the right illumination
intensity.

DESIGN
A classy product, subtly made
in Italy, that combines elegance
with adaptability and comfort.

18 KARATI EXPORT

This magazine is published twice a year in January and June.

It is distributed exclusively to the main international wholesalers and importers, for whom it has become an essential tool for work and consultation, giving them the opportunity to make new and interesting business contacts with Italian manufacturers of jewellery, goldsmith's, silversmith's and related.

18 KARATI EXPORT is sent by mail to the major international operators, and it is also supplied directly to visitors in Italy and abroad at the most important jewellery sector exhibitions, where the publishing firm is present with its own booths.
